**RESTRICTION REQUIREMENT**

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-14, 90-92, 111-115 and 126 drawn to a lubricated container and to a process for lubricating a container..

Group II, claim(s) 15-28, 90-92, 111-115 and 126 drawn to a method for lubricating a conveyor and a lubricated conveyor.

Group III, claim(s) 29-74, drawn to a method of inhibiting stress cracking in a thermoplastic shaped article which comprises application with a liquid hydrocarbon oil or an emulsion.

Group IV, claim(s) 75-89, 98-110 drawn to a method for lubricating the passage of a container along a conveyor wherein the lubricant is a phase-separating mixture of a hydrophilic lubricating material and an oleophilic lubricating material.

Group V, claim(s) 93-97 and 116-125 drawn to a conveyor and container lubricant composition.

The inventions listed as Groups I - V do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: There is a lack of unity within the identified and listed above groups of claims each corresponding to a distinct claimed invention. It is evident to the person skilled in the art that the claimed containers, conveyors and compositions have no common or corresponding special technical features.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
